‘The Ultimate Hive Stand’

Features and Benefits

The following outlines the main features and benefits ‘The Ultimate Hive Stand’.

- *The only hive stand you will ever need.*
- *Technopolymer construction will not rust or rot.*
- *Classic design looks great in any apiary or garden.*
- *Swing out frame holders make working hives easier.*
- *Raises hive 12” off ground for easier access and better ventilation.*
- *Works with any bottom board, no wood hive stand needed.*
- *Hive sits on heavy duty rails for total support.*
- *Available for 10 frame or 8 frames hives.*
- *Built in drains keep hive and hive components dry for longer life.*
- *The perfect way to dress up any hive, even English garden hives.*
- *Large footpads spread load and insure stability.*
- *Security screws add extra strength and prevent hive from moving*
- *Fast and easy assembly; less than 2 minutes with a screwdriver.*
- *Textured surface looks natural.*
- *Ballast ports allow legs to be filled with sand for additional stability.*
- *Made from recycled materials.*
